THE GRIP TECHNOLOGY

The Grip technology is the reason why so many serious hunters make Blacks Creek® their go-to gear.

The original Grip® Frame, the Vise® Frame, or the all-new Talon® Frame, can be part of a hybrid hunt system that allows you take what you need on your hunt without worrying about the trip back.

The Grip frames can pack in as an independent piece of equipment, or can be used within a pack system. The Grip and Talon frames are both designed to be universally compatible with the Solution, Alternative, Answer, or the all-new Remedy bags. Then, pack out with all of your gear and use the Grip frame to secure your kill. A single solution for a multitude of challenges.

INTRODUCING...

THE TALON FRAME

THE WEIGHT

NEW FOR 2017

The all-new Talon Frame is the lightweight heavyweight of the Grip Frame family.

With a smaller, lighter footprint, the Talon is an ideal fit for women and youth, yet remains a nimble option for ounce-counters of any size and shape. Possessing the same pack-out prowess of the original Grip Frame, the Talon is ready to handle anything you can throw on it.

The Talon is compatible with all Grip Enabled bags ensuring that you have the perfect pack system for the adventures ahead.

THE GRIP FRAME

ACCESSORIES (sold separately)

- Knickknack Hip Sacks
- Shoulder Pad Xtras
- "Perfect Pocket" for Shoulder Straps

SIMPLICITY AT ITS FINEST

You don't have to settle for a pain-staking pack-out when the real work begins. The Grip frame is designed to help eliminate the discomfort of a heavy load. The suspension is built rigid and stout and supports a heavy load similar to an external frame. Unlike an external frame, you can carry your gear with you and don't have to return to the truck to get it when you make a kill.

The Grip Frame | \$295
SKU: 70605

FEATURES

- Weight: 4.3 lbs
- Capacity: Unlimited
- 1000D Cordura Fabric
- Adjustable Butterfly Harness
- Articulating Shoulder Straps
- Adjustable Sternum Strap
- Milspec hardware
- YKK zippers
- Meat shelf
- 2 compression wings
- 4 Internal Stays
- Carry Handle

GRIP COMPATIBLE BAGS

- Alternative (3000 CI)
- Answer (2000 CI)
- Remedy (1500 CI)

IDEAL FOR

Men & Women - 5'7" & Above

THE VISE FRAME

The Vise Frame is sold exclusively as part of the Cure lumbar pack.

See page 10 for more information about this revolutionary pack system.

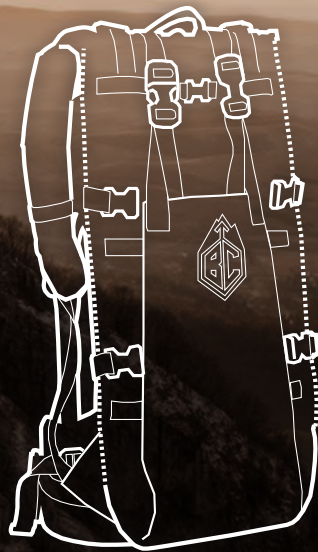

BLACKS CREEK

GRIP ENABLED

When it comes to hauling hero loads out of the mountains, nothing beats the strength and rigidity of an external pack frame - like the rock-solid Grip technology found in the Grip and Talon frames.

Look for Blacks Creek packs that are Grip Enabled. These require the use of either a Grip or Talon frame to complete the pack system. This powerful combination ensures that you will be hauling your trophy in comfort with more capacity than ever expected.
